

Bennett BlueFueler® 400 Series DEF Dispenser

Heated and Non-Heated Diesel-DEF Combo Dispenser

The Bennett 400 BlueFueler® Series is a class of DEF dispensers designed for use in commercial and retail locations where demanding users require durability, ruggedness and affordability. The BlueFueler® Series is based on world-class engineering providing users with a solid return on investment due to high reliability and a low cost of ownership. With many configurations to choose from, there is a 400 Series dispenser to fit your needs.

- Ideal for use with aboveground and underground storage systems
- Weights and Measures (NIST) approved DEF meter to ensure precise fluid measurement
- Stainless steel rotary meter, with only two moving parts, providing maximum durability and reliability
- One or two dispensing points for DEF and/or Diesel
- 60 GPM Diesel flow rate on combo models
- Optional heating system for cold weather applications
- Interfaces to commercial cardlock and retail point-of-sale systems
- Optional PCI compliant payment system
- Single board electronic design for highest reliability and low cost of ownership
- Sheet metal powder and electrostatic coatings provide for automotive grade protection and maximum durability
- Hydraulic lines include check valves to ensure wetted components
- Optional internal 15 foot hose reels
- LED back lighting is energy efficient and long lasting
- Local Preset option available by dollar or volume (retail units only)
- Volume measurement available in gallons or liters
- Available with or without dollar registration
- Optional Add-on kit for existing Bennett BigFueler/Big Squirt High Flow Diesel Dispensers

Simply Better. That's our logo tag line, but also our design philosophy: to minimize hydraulic connections and to reduce the number of electronic circuit boards and related wiring, cables, and connectors. Bennett has worked hard to fully understand the unique physical properties of DEF. Our BlueFueler® reflects that level of commitment.

BlueFueler® provides innovative technology for both fleet owners and retail fuel marketers. With over 90 years of fuel dispenser manufacturing experience, we have committed to providing you the correct blend of technology, styling, price and service – this dedication continues with the Bennett BlueFueler® Series.
