Upgrading BP Amoco Horizon2

Dispenser Card Acceptors to handle  
debit

---

# Need to Know

## BP Amoco Debit Upgrades

Now that BP Amoco marketers have the option to accept debit cards by purchasing the CommLinx V900/Viper solution through VeriFone, we are making a DCT upgrade available that brings debit payment features to the payment terminal in the Horizon2 dispenser.

Distributor NET pricing is listed below:

#110448 Card Reader-BPO, Debit/Cr DUKPT \$325

#110355 Decal, DCT BPO Credit/Debit \$25

Terms are NET 30 DAYS

The upgrade for a 2-sided dispenser will be \$700 NET to the distributor.

This special upgrade pricing is effective for the balance of 2006. Beginning in 2007, standard service parts pricing will apply to any upgrades (currently \$1,102 NET to distributor for 2-sided dispenser).

Upgraded card readers are covered by parts only warranty for twelve months from the date of installation or 18 months from the date of Bennett's invoice, whichever comes first.

Please mention on your P.O. that the parts being ordered are for "BP AMOCO DEBIT UPGRADE".

If you have BP Amoco marketers in your area that want to upgrade to handle debit transactions, please check with VeriFone for system specific components required.
