

# Bennett SITE MASTER SP<sup>®</sup>

## PAYMENT PEDESTAL

The new Bennett Site Master SP delivers the convenience of fuel island payment in a simple and robust payment pedestal that is capable of managing fleet, debit and credit card payment for multiple dispensers. The Bennett Site Master SP utilizes the proven Bennett APM (alphanumeric EMV payment module) and is ideal for fleet cards, even at unattended fueling sites.

- Capable of accepting all types of debit, credit, fleet and loyalty cards
- Works with as many fueling positions as POS allows (up to 99)
- Optional interconnection box simplifies installation and improves service diagnostics by using fewer wires
- 7" Widescreen color display can advertise static images and video
