

Bennett PACIFIC SERIES

The Pacific models deliver the lowest total cost of ownership.

💡 60% POWER SAVINGS

Bennett's X19 electronics draw only 2 Amps of current and provides a 60% power savings over the competition.

🛡️ 5-YEAR LIMITED WARRANTY

In addition to the full two-year bumper-to-bumper limited warranty, Bennett covers many of the most critical components for a full 5 years.

💰 REDUCED MAINTENANCE COSTS

Bennett's SB100 meter is the industry's most accurate meter, providing station owners with peace-of-mind and years of trouble-free performance.

Included in 5-year limited warranty

The Pacific's Grade Select Buttons are the industry's only buttons with no moving parts which make them virtually indestructible.

Included in 5-year limited warranty

All display panels use hardened polycarbonate sacrificial lenses providing increased protection and longevity.

🌀 PACIFIC XB FLEXIBLE FUEL COMBINATIONS

The Extended Blender offers up to five products through up to four hoses per side, delivering a wide variety of fuel options.
